## PHOTOPLAY

SPECIAL TO-NIGHT... THE WOLF OF THE CITY... Two Reel Sell

This story is a peep at the power of the press in making reputation or unmasking villainies in this day and generation. It portrays a modern chapter of life in a great city, where so many seem to live half in the light and half in the shadow. "The wolf of the city" is a star reporter whose nerves have been shaken before this incident of his stormy career.

The Third Reel Will Be:

BRONCHO BILLY AND THE BAD MAN... ESSANAY WESTERN

Broncho Billy, from being one of the most desperate characters in the West, is reformed through the kind treatment accorded him at the hands of the sheriff and his wife, and is made deputy.

Admission 5 cents.

## STRANGE GROWTH AFFLICTS PASTOR

Rev. Clifton G. White Undergoes Radium Treatment to Remove Growth of Remarkable Formation. Is Expected to Recover.

A remarkable case is attracting the attention of surgical circles in Baltimore, Harrisburg and other nearby cities. The subject is Rev. Clifton G. White, a Lutheran minister, of Millersburg, who was graduated from Gettysburg College in 1897 and from the Seminary three years later.

Rev. Mr. White is the victim of one of the oddest freaks known to the medical and surgical world. A growth which from appearances to the layman looked like a tumor, appeared on his leg. His health became impaired and for the last two years he suffered a great deal because of the growth. As the pastor had always led an active life he was greatly annoyed because of his condition. He put up with it until he could content himself no longer.

Dr. Joseph G. Bloodgood, of Baltimore, was called to Harrisburg, where he met Rev. Mr. White and made an examination. It was then that Dr. Bloodgood made an announcement which was startling to all who were familiar with the case. After the first examination the noted surgeon said that to him it looked as though if an operation were performed and the growth opened it would show that the partly grown body of a child would be found imbedded in the flesh of the patient's leg.

As Rev. Mr. White's condition was growing worse and his death would have probably been the matter of only a short time, it was decided that something must be done at once. He was hurried to Baltimore and taken to Johns Hopkins Hospital. There the x-ray was put into use, but it is said that the result of this examination was not satisfactory.

Surgery was resorted to, and it is said that the result proved Dr. Bloodgood's diagnosis to be correct. The sarcoma was about 12 inches in length. It was found impossible to remove the body of the partly grown child because of its inextricable association with important blood vessels. About three weeks ago it was decided to use radium in the treatment of the case and the preacher was taken to Dr. Howard A. Kelly's sanatorium. It is said, however, that he was not satisfied with the treatment there and was removed to St. Agnes', where the radium treatment was continued. He showed considerable improvement, and at the hospital it was stated Thursday that the patient had been taken back to his home.

It is said that in the treatment of the case \$150,000 worth of radium was periodically placed over the sarcoma with five-inch blocks of lead interposed and slight burns administered. Under this method of treatment it is said the patient amazed all because of his rapid improvement.

Rev. Mr. White's case is similar to that of a Japanese which started the medical world a few months ago. It was found that he was suffering from a similar complaint and an operation disclosed a malformed child in the growth which had resembled a tumor. As in Mr. White's case the trouble was the outgrowth of a twin malformation.

The preacher is only about 33 years old and until he was taken ill led a most active life. He has a wide circle of friends in Gettysburg.

### ODD FELLOWS' REUNION

Fifth Annual Gathering of Members at Pen-Mar in August.

At a meeting of the general committee for the fifth annual reunion of Odd Fellows, to be held at Pen-Mar on August 6, preliminary arrangements were made for the big gathering on the mountain. The committee is composed of members of the order of the jurisdictions of Pennsylvania, Maryland, Virginia, West Virginia and the District of Columbia, which will be represented at the reunion.

Features of the event will be a parade of the Patriarchs Militant, the highest branch of Odd Fellowship, who will give exhibition drills, and a display and drill exhibition by the degree staffs of the Daughters of Rebekah lodges. Thousands of Odd Fellows are expected to attend the reunion, which will be the largest ever held by the order at Pen-Mar.

## REFUSE FREEDOM TO DYING MAN

Dr. Stonecipher, of Near Taneytown, Refused Release from House of Correction though his Life is Said to be in Danger.

Renewed efforts have been made to secure the release of Dr. Claude A. Stonecipher, formerly of Carroll County, and well known in this county where he had been a frequent visitor, who is said to be in a critical condition at the Maryland House of Correction, where he is serving a two-year sentence.

His parents, Mr. and Mrs. William A. Stonecipher, and friends enlisted in the cause are using every means to gain his freedom for him. Stonecipher's mother went to Annapolis and in an interview with Governor Goldsborough declared that her son seemed to be in a dying condition and was rapidly growing worse because of confinement in the institution.

It is the second effort made to secure the release of the physician since he was reported to be seriously ill three or four months ago.

Dr. Stonecipher has been confined to his bed for 12 weeks, said Wm. A. Stonecipher, his father, "and each day his condition seems to be growing worse. He is constantly laboring under the dread that he will die in the House of Correction."

The Governor refused to grant the request.

### BUCHANAN VALLEY

Buchanan Valley—Numerous flocks of wild geese have been seen flying over the valley on their way to the North.

The funeral of Mrs. James Adams on Tuesday morning was largely attended. Rev. F. C. Noel, of Chambersburg, officiated at a mass of requiem. She has quite a number of relatives living in the valley.

Miss Lettie Irvin, of Harrisburg, spent Easter at the home of her mother, Mrs. Mary Irvin.

Holy Week services were observed in Ignatius' church, being very solemn and impressive.

Edward McSherry is confined to bed by illness.

Mrs. John F. Cole spent last week with her mother, Mrs. Rebecca Kuhn, of Hilltown, who was ill.

Miss Loretta Cole is spending a week with her grandparents, Mr. and Mrs. Abner D. Kuhn, of Hilltown.

James Kimple will move his engine and saw mill into the valley to saw the lumber for the new hall, the congregation of St. Ignatius intends building this spring on the property adjoining the church.

The altars in St. Ignatius church were beautifully decorated for Easter with hot house and home potted plants, flowers and ferns and carnations. The day was beautiful and the congregation turned out well.

William Sollenberger and friends visited in the valley on Sunday last in his automobile, the first one running into the valley for a long time on account of bad roads.

### KEESEY FOR CONGRESS

He is survived by the following children: Landis Feeser, William Feeser, John Feeser, Mrs. Harry Breighner, Mrs. Benj. Sentz and Mrs. Henry Buddy.

Funeral Saturday morning. Friends and relatives will meet at the house at 9 o'clock. The services will be held in the Littlestown Methodist church, at 10:30 o'clock, conducted by the pastor, Rev. E. B. Davidson. Interment in Mt. Carmel cemetery.

### CHURCH RECEPTION

New Members Welcomed at Presbyterian Church Thursday Evening.

Everybody had a good time at the reception given the new members in the social rooms of the Presbyterian Church Thursday evening. The attendance filled the rooms. All corners were met at the doors by flower girls who pinned on their bouquets. The new members were all adorned with sweet peas. At the call of the committee all set to finding those bearing the same flower, and these classes had a contest aiming to secure the largest number of the new members for their class. Then followed a pass along process, half of each class going on to the next class, with a two minute conversation after each move on a subject assigned by the leader. When the round of the room was made everybody knew everybody else.

The Misses Zinkand rendered a piano duet, Mrs. R. H. Bushman recited, and Edith Sheads gave Barbara Fritchie. Miss Ethel Zinkand sang very beautifully to her cousin's accompaniment, and Mary J. Seylar recited. Misses Marian Kappes and Lila Myers sang, accompanied by Miss Zinkand, and Mrs. Bushman repeated one of her popular selections.

A fine social time was entered into while refreshments were served, and the evening was considered by all to have been a great success.

### GOES TO RALEIGH

Two York Springs Boys will now be on North Carolina Team.

Oscar Howe, the big catcher of the Hershey nine last season, has signed a contract to play with the Raleigh club of the North Carolina League. Howe has already resigned his position at the factory and will leave next week for Raleigh. During the time he played with Hershey, Howe made a splendid record and his many friends here wish him much success in the faster set.—Hershey Press.

Howe was catcher of the York Springs team for a number of years and by going to Raleigh will be associated with his former battery mate, Jim Myers.

## TEN DROWN WHEN SHIP SINKS

### Captain and Wife and Eight of Crew Perish.

### ONE SAVED, BUT CAN'T LIVE

Lumber Schooner Wrecked Off Long Branch, N. J., During Northeast Gale.

Seabright, N. J., April 17. — The identity of a schooner which went ashore in a northeast gale near Long Branch, N. J., was established by life savers as the Charles K. Buckley, from Jacksonville, Fla., for New York.

The schooner is a total loss, and Captain Hardy, his wife and all the members of the crew except one seaman named Atchison were lost while attempting to launch a lifeboat. It is believed ten persons were drowned.

Atchison, who remained on deck, was rescued by being virtually lassoed by a line shot across the bow of the schooner from ashore. Atchison got twisted up in the breeches buoy line and was dragged from the deck into the seething sea. Life savers on shore then ran with the line, dragging Atchison upon the beach more dead than alive.

He was rushed to the Monmouth hospital in an automobile. Both of his shoulders and one leg were broken. It is not thought he can recover from his injuries.

Besides Captain Hardy and his wife it is believed that at least eight men, members of the crew, went down when the lifeboat failed to weather the big waves.

The Charles K. Buckley was heavily laden with lumber. Her home port was Newark, N. J.

The schooner was first sighted several miles off the beach, making hard weather in the heavy wind and rough seas. Despite the efforts of her crew, the boat drove steadily in toward the beach, until she was plainly visible to searchlights erected on the sand.

There was no attempt to launch a boat to the rescue, owing to quantities of lumber which was swept from the decks of the laboring vessel, thrashed and swirled in the breakers and under tow.

The life savers have turned all their efforts toward finding bodies as they drift in on the beach, although owing to the deadly undertow it may be hours before an object would escape the swirling back tow and make a landing.

Two men were drowned off Great Beds Light, near South Amboy, N. J., when the steel tugboat Arles was dragged under water by the barge Pequot, in tow. The Arles was on a short hauler and as she swung around the light the full force of the wind struck the Pequot, which sheered sharply, pulling the tug back and under the water.

### Shipwrecked Crew Is Rescued.

Montreal, Can., April 17.—The crew of the Sainte Anne, a French fishing bark, lost about 400 miles east of the Grand Banks, was picked up by the steamship Minnesota, according to a dispatch from the steamship New York. The Minnesota is due in Philadelphia on April 20.

### EMPEROR'S ILLNESS ALARMS

Francis Joseph Fails to Rally From Effect of Severe Cold.

Paris, April 17.—The illness of Emperor Francis Joseph of Austria is causing considerable alarm in court circles, according to a Vienna telegram to the Excelsior.

The emperor, who is eighty-three years old, contracted a cold several days ago which has rapidly become worse.

Because of the increasing feebleness of the emperor he spends much of his time at the Schonbrunn palace, where two physicians are constantly in attendance.

### FREED. LOSES MOTHER

John Pratt's Joy on Quitting Jail Is Turned to Grief by Death.

May's Landing, N. J., April 17.—Several hours after his release from jail John Pratt received a telegram announcing the death of his mother, Mrs. Jane Pratt, of Mount Holly. While he was in jail his wife died, leaving several children.

Pratt, who is a well known garage owner, was sentenced to from one to three years for distributing offensive literature. He was paroled by the board of pardons after serving about three months of the sentence.

### Aims Blow at Black Hand.

Albany, N. Y., April 17.—The Sullivan bill introduced as a result of recent Black Hand outrages, became a law by the signature of Governor Glynn. The new statute increases from seven to twenty-five years the maximum for the malicious endangering of life and property by the placing of a bomb or explosive near any building.

### "Mother" Jones Released.

## ASK WILSON TO PARDON DYNAMITERS

### President Urged to Probe Their Conviction.

Washington, April 17. — President Wilson was asked to investigate the trial and conviction of officials of the International Bridge and Structural Iron Workers' union in the "dynamite conspiracy" cases at Indianapolis and obtain a stay of sentence pending the inquiry.

A plea for a pardon also was filed with the chief executive by a delegation led by Senator Lane, of Oregon, and Representative Buchanan, of Illinois, but the president was asked to inquire into the merits of the case before acting on the pardon plea.

Representatives Nolan and Kettner, of California; Graham and Buchanan, of Illinois, and Logue, of Pennsylvania, were among those in the delegation.

President Wilson listened to the appeal, which was made wholly on the ground that the men did not have a fair trial in Judge Anderson's federal court at Indianapolis, and assured his visitors that he will give the matter earnest consideration.

## COAL COMPANY SUED

Failed to Keep Record of Production and Criminal Suit Is Entered.

Pottsville, Pa., April 17.—A corporation was made the defendant in a criminal suit when a case was returned to court by Justice McShea, of McAdoo, against the Lehigh & Wilkes-Barre Coal company.

It is charged that the corporation failed to keep a record of the number of cars of coal mined and loaded at the mine's chutes.

This is the first prosecution to be brought under this act in the state since the law went into effect, and will be used as a test case.

The prosecutor is Alex Banco, and notice to defend was served upon Walter Fahringer, superintendent of the company.

## HUERTA AGREES TO SALUTE FLAG

### Action Followed Session of Mexican Senate.

### U. S. WILL RETURN IT

As Battleships Speed South Huerta Announces He Will Atone For Offense Against Dignity of the United States.

Washington, April 17. — Provisional President Huerta of Mexico has promised to salute the American flag in apology for the arrest of American bluejackets at Tampico.

The only condition attached is that the American ships fire a salute in acknowledgment.

President Wilson said this was according to all precedents and that this would be done, when Huerta saluted. He said his advisers from Mexico were "very encouraging."

Huerta's promise was made to Nelson O'Shaughnessy, American charge d'affaires in Mexico City.

Later Secretary of State Bryan sent a message to Mr. O'Shaughnessy. He would not reveal its contents, but it is understood it was an acceptance of Huerta's offer to fire a salute, to be returned by the United States.

Unless Huerta is playing a trick or changes his mind, which is regarded as extremely unlikely, the crisis promises to pass within the next twenty-four hours. It will end a situation that has brought the United States nearer to war than anything since the war with Spain, which began on April 21, 1898.

Unofficially it was stated that if the salute is fired some of the warships now speeding to Mexican waters will be turned back. Until the crisis is actually passed none of the ships in the Atlantic fleet will be stopped. Neither will the preparations to send more of the Pacific fleet be halted.

Huerta's change of attitude from defiance to compliance with the American demand came as a result of an executive session of the Mexican senate. Then Huerta outlined the situation and put the decision squarely up to his congressional advisers. It was announced from the White House after a conference of Secretary Bryan and Senator Shively, head of the foreign relations committee, with the president.

It also developed that European powers urged Huerta to accede to the demand for full reparation for the repeated insults to the United States.

It was authoritatively stated that the only point remaining to be determined was the number of guns to be fired in the salute and that this would be speedily agreed upon. At the state, war and navy departments officials considered the crisis as passed.

With regard to the United States returning a salute in acknowledgment, officials pointed out that on occasions when the American navy had saluted the flag of other nations, as a result of difficulties at sea, a salute in response had been fired.

The only question involved in Huerta's condition was whether a salute of response would constitute recognition of his government, but it was pointed out that the Washington government considers recognition a question of intent in each case and would not so regard an acknowledgment of Huerta's salute.

Diplomatic representatives in Mexico City, under orders from their foreign offices, anxious to avert a break, pressed Huerta to yield, and Mexicans in the United States also advised him that to apologize would be the best thing for Mexico.

## SAY BOYS STOLE BUILDING

Accused of Carrying Off House, Woodwork, Bricks and All.

Trenton, N. J., April 17.—Accused of having stolen an entire building in the rear of Reister Hall, on Jefferson street, twelve boys, ranging in age from eight to sixteen years, were arraigned before Acting Judge Hulme, in the central police court, and then turned over to their parents.

The structure was carried away by the lads a piece at a time. They stole woodwork, bricks and all. Some of it was sold, it is said, and the police may arrest the buyer.

## Highway Engineer Commits Suicide.

## WANT RESIGNATION

Lutheran Church Fight Intensified by Action of Congregation.

By a vote of 73 to 1, the congregation of the Lutheran church of Middletown, Maryland, decided to discontinue the pastorate of the Rev. J. W. Gentzler, who has been pastor of the church for about three years. Mr. Gentzler was graduated from Gettysburg College in 1904 and from the Seminary three years later. Immediately after the action of the congregation was taken, the Rev. Mr. Gentzler gave notice that he would appeal to the Synod. It is said that the trouble has been caused by criticism of the pastor's work.

It was learned that there has been some understanding between the Rev. Mr. Gentzler and the church council to the effect that the pastor would resign providing he received a call. It was reported that the pastor had received at least two offers for good places, but had not accepted any. Several weeks ago it was learned that the Rev. Mr. Gentzler had received another call. When called upon for an explanation according to a member, the pastor reported to the congregation that he had received a call, but he is alleged to have made no move to resign. The congregation has made their action effective June 1.

## IN MEMORIAM

In sad and loving remembrance of my dear father, Andrew J. Funt, who departed this life, seven years ago today April 17, 1907.

Seven long years since you left us, But we miss you just the same, But in heaven with joy to greet you We will hope to meet again. You are not forgotten, dear father, Nor will you ever be, As long as life and memory last We will remember thee.

A precious one from us has gone, A voice we loved, is stilled, A place is vacant in our home Which never can be filled. God, in His love, has called him home With Him to live and rest, And though the body slumber here, The soul is safe in heaven. Farewell, farewell, my father dear, Life is sad without you here. Oh, may we meet in heaven above, Where all is peace and joy and love. By his son, George.—advertisement

## BRYAN WON'T RESIGN FROM THE CABINET

### Reports That He Would Quit Called Ridiculous.

Washington, April 17.—Administration officials characterized as ridiculous the reports that Secretary of State Bryan contemplated resigning because of his personal unwillingness to serve in a government at war with another nation.

The answer to these reports, it was stated, was found in the fact that at the cabinet meeting on Tuesday and throughout the consideration of the insults to the national flag, Secretary Bryan has been an unquibbling supporter of the president's position.

In substantiation of this denial it was pointed out that Mr. Bryan uttered a strong endorsement of President Wilson at a banquet of the Southern Society of Washington.

Mr. Bryan's loyalty to the president, although unquestioned, did not shake the belief that he felt great unhappiness at seeing the United States on the brink of war. Mr. Bryan was quoted as saying soon after he assumed the state portfolio that he had taken office with the firm conviction that this administration would never plunge into a war.

## ARGUMENT HEARD

An argument for a new trial was heard Tuesday in York by Judge Wanner in the suit of Frank Hartman, of that city, against the Western Maryland Railroad company. Hartman several months ago recovered a verdict for \$3,970.20 for the loss of his right leg in an accident which occurred in the early morning of November 7, 1912. At that time Hartman was employed as a brakeman and was jolted from the top of a freight car on the company's road near New Oxford. He fell under the car and the wheels ran over his right leg and cut it off above the ankle.

## CALLED CANAL BILL SUBSIDY

Speech of Taft Bobs Up at  
Committee Hearing.

## NOT A TREATY BREAKER

Joseph Choate Declares Post Excludes  
Possibility of Exemption of Any  
Kind of Vessels.

Washington, April 17.—The Panama  
tolls hearing before the senate canal  
committee brought out a hitherto un-  
published speech by former President  
Taft and correspondence of Joseph H.  
Choate, American ambassador at Lon-  
don, during negotiations of the Hay-  
Pauncefote treaty.

Dr. Ernst Richard, representing the  
North American Gymnastic Union, ap-  
peared in favor of repeal.

The speech of Mr. Taft, said to have  
been delivered before the Canadian  
club in Ottawa last January, was in-  
troduced by Senator Simmons, who  
said he believed it to be authentic.

In this speech Mr. Taft was quoted  
as saying: "We shall doubtless have  
to arbitrate the matter unless con-  
gress reverses itself. There are some  
hot heads that talk in absurd tones  
about the right of the United States  
to manage her own canal and her own  
property as she likes, no matter what  
she has agreed to, but this is all froth.  
These are the extremists."

"The idea of congress in passing the  
bill and my own in signing it was  
that we were thus giving a subsidy to  
our coastwise ships between New  
York and San Francisco and Boston  
and Seattle, as we did in the early  
days of our trans-continental railways.  
All I object to is being told, when I  
approve the putting on of coastwise  
exemption, that I favor breaking a  
treaty. I am not in favor of breaking  
treaties, but the question is, what the  
treaty means."

Mr. Choate declared in a letter to  
Henry White, presented to the com-  
mittee, that his official correspondence  
established beyond question the intent  
of the parties in the negotiations, that  
the treaty should mean exactly what  
it says, and excludes the possibility  
of the exemption of any kind of ves-  
sels of the United States.

"It is not gentlemanlike to insinuate  
that President Wilson and those who  
share this point of view," said  
Dr. Richard, "do so from cowardice,  
from fear of Great Britain, a good  
chance to make the eagle scream and  
get Irish votes and a few German  
ones."

Representative Moore, of Pennsyl-  
vania, introduced a resolution in the  
house calling upon Secretary of State  
Bryan to convey to congress the same  
information he is reported to have  
sent to his paper, The Commonwealth,  
regarding the administration's position  
on the tolls repeal bill. The resolution  
says that "it is reported that the sec-  
retary of state has explained the posi-  
tion of the president and the adminis-  
tration in a Nebraska newspaper called  
The Commonwealth, which information  
has not been reported to congress."

## FRANK'S EXECUTION DELAYED

Motion Filed in Court Stays Man's  
Hanging For Girl's Murder.

Atlanta, Ga., April 17.—Possible ba-  
sis for appeal of the case of Leo M.  
Frank, under death sentence for the  
murder of Mary Phagan, to the su-  
preme court of the United States, was  
laid in a motion for annulment of his  
sentence, filed in the superior court  
here.

The motion charges that the presid-  
ing judge at Frank's trial, L. S. Roan,  
advised counsel for the defense that  
in the event their client was found  
guilty, it would be unsafe for him to  
be in court when the verdict was an-  
nounced, and that such action was in  
violation of the federal constitution.

The motion, which stays the prison-  
er's execution, set for today, will be  
heard on Wednesday.

The body of the girl employe was  
found in the basement of a pencil  
company's plant on the morning of  
April 27, 1913. Conley, the negro fac-  
tory sweeper, testified that Frank had  
killed the girl in the factory and that  
he aided in hiding the body. Frank  
was convicted on the first ballot of the  
jury. Efforts to obtain a new trial  
heretofore have failed in both the su-  
perior and the state supreme courts.

## DEMOCRATS ASKED TRIBUTE, CHARGED

Swears He Was Asked to Pay  
\$200 to be Postmaster.

Beaver Springs, Pa., April 17.—In an  
affidavit printed in the Weekly Herald  
here, Charles I. Mattern, a staunch  
Democrat and a business man of Beav-  
ertown, alleges that he would have  
been made postmaster there had he  
paid an "assessment" of \$200 when  
asked by Democratic leaders.

He charges that he went to Sunbury  
last Oct. 1 at the invitation of A. W.  
Aucker, of Port Trevorton, and there  
met Aucker and M. S. Shoch, of Solins-  
grove, who congratulated him as the  
next postmaster of Beavertown. "But  
it will be necessary for you to pay an  
assessment of \$200 at once in cash,"  
he alleges they said.

He charges that they told him that  
at a meeting last Sept. 27 at the home  
of Congressman Frank L. Dersheim,  
of Lewisburg, it was decided that  
he should get the office. They also said,  
he alleges, that they told him it was a  
rule to assess the appointee one-third  
of the first year's income. Shoch said  
he paid an assessment of \$500, accord-  
ing to the affidavit.

Part of the affidavit follows:  
"I told him I would not pay one cent  
to be appointed postmaster, but since  
they had decided upon my appoint-  
ment, if I should fail to get it I would  
'sue' them. 'No, don't do that,' said Con-  
gressman Dersheim, 'because it would  
be a ruin of the Democratic party.'  
"I refused to pay any money to se-  
cure the office, and although I had the  
best civil service examination paper  
among the three applicants, I lost the  
office."

## ASTOR PASSES CRISIS

Is Still Very Ill and Precautions Are  
Taken Against Complications.

New York, April 17.—The physicians  
attending Vincent Astor announced  
that they believed he had passed the  
crisis of his illness.

He is still very ill, however, and  
every precaution is being taken to pre-  
vent any complications. It was said  
that while Mr. Astor might be regard-  
ed as convalescent no arrangements  
for a trip to the south have yet been  
thought of.

Mr. and Mrs. Robert P. Huntington,  
of Staatsburg, N. Y., announced that  
the wedding of their daughter, Miss  
Helen Huntington, and Vincent Astor  
would be postponed indefinitely. No  
invitations will be sent out until Mr.  
Astor has fully recovered from his  
present illness. The wedding had been  
set for April 30.

Teacher Swallows Death Potion Be-  
fore Her Pupils.

South Bethlehem, Pa., April 17.—  
Miss Alma Nicholas, a school teacher,  
swallowed poison before several of  
her pupils in the Shimerville public  
school.

She then went to the basement of  
the school, where she was found dead.  
The young woman was twenty-seven  
years old and a soloist in St. Peter's  
Lutheran church.

## Tries Suicide When Sentenced.

New York, April 17.—A few minutes

years old, of New Dorp, Staten Island,  
attempted to end her life by drinking  
poison in the prisoners' pen. Mrs.  
Moore was taken to the hospital and  
probably will recover.

## Mother Tells

How Her Little Girl Was Restored to  
Health.

Mrs. Chas. Schrieffer of 139 Himrod  
St., Brooklyn, N. Y., says: "My little  
girl was frail, sickly and all run  
down after having had the grippe. I  
was advised to give her Vinol and af-  
ter the first bottle noticed an im-  
provement. She has taken four bottles  
and has picked up rapidly, having  
gained six pounds in three weeks."

The reason Vinol builds up weak,  
ailing children so quickly is because it  
contains in a delicious combination  
the two most world famed tonics—i. e.,  
the strength creating, body building  
elements of cod liver oil, with all the  
useless grease eliminated, and tonic  
iron for the blood added. If you have a  
weak, puny, ailing child, try Vinol on

fails to benefit your little one. People's

## Drink Hot Tea For A Bad Cold

Get a small package of Hamburg  
Breast Tea, or as the German folks  
call it, "Hamburger Brust Thee", at  
any pharmacy. Take a tablespoonful  
of the tea, put a cup of boiling water  
upon it, pour through a sieve and  
drink a teacup full at any time during  
the day or before retiring. It is the  
most effective way to break a cold and  
cure grip, as it opens the pores of the  
skin, relieving congestion. Also loosens  
the bowels, thus driving a cold from  
the system.

Try it the next time you suffer  
from a cold or the grip. It is inex-  
pensive and entirely vegetable, there-  
fore safe and harmless.

## How About Your Harvest?

A certain farmer found himself confronted  
with the same problem at every harvest—

his yields seldom reached the  
mark they should. His profits  
were disappointing and, some-  
times, distressingly small. He  
sought for the cause without  
success—until one day he read a

advertisement about Jim, the farmer  
whose land produced double that of his  
neighbor's, simply because he took a  
look ahead to the harvest when mak-  
ing the first preparation for planting.  
He followed the advice Jim gave his  
50%-farmer neighbor and that very  
day wrote to us for a copy of "The Soil  
and Intensive Tillage." In it he read  
about the chemical and physical prop-  
erties of the soil, about how plants  
feed, and about intensive tillage. He  
learned that he could make much larger

crops (often doubling them)  
from the same  
land, at pro-  
portionately smaller cost,  
by using CUTAWAY (CLARK) disk har-  
rows. He got an entirely new idea about  
disk harrows and disk harrowing.  
Do you know how much you lose where  
there are little hard ridges between the  
surface and the subsoil in your fields?  
Often the surface looks mellow and fine,  
and you are deceived. Do you know how  
much you lose every year because there  
is a clumpy strata between the seed-bed  
and the subsoil? You can stop these  
losses. CUTAWAY (CLARK) disk harrows  
pulverize all the soil to the full depth to  
which they run, and they are lighter  
draft than other har-  
rows, size for size. There  
is a style and size  
for every  
farmer. In our catalog you will find illu-  
strated and described Double Action Engine

look ahead to the harvest when mak-  
ing the first preparation for planting.  
He followed the advice Jim gave his  
50%-farmer neighbor and that very  
day wrote to us for a copy of "The Soil  
and Intensive Tillage." In it he read  
about the chemical and physical prop-  
erties of the soil, about how plants  
feed, and about intensive tillage. He  
learned that he could make much larger

## Spray Your Fruit with PYROX

Pyrox protects your orchard against the ravages of both  
insects and fungus, and makes it possible for you to grow  
marketable fruit and lots of it.

There is nothing complicated about its use; it is an in-  
secticide and fungicide combined, and when applied,  
rapidly dries, forming a coating unaffected by  
even the heaviest rains.

Ask any orchardist what he thinks of Pyrox;  
then call and get a copy of our new and interesting booklet.

We sell Pyrox because we know what it will do—any

## PYROX

"For Potato Blight,  
I don't think  
PYROX can  
be Beaten."

"I have used Pyrox this season  
against bugs and blight. It cer-  
tainly does the trick with the bugs,  
and for blight, I don't think Pyrox  
can be beaten."

Such is the experience of Mr. E.  
R. Dissinger, Campbelltown, Pa.,  
who ends his letter by saying—"I  
certainly would not do without Pyrox  
when growing potatoes."

No fruit or potato grower can af-  
ford to overlook Pyrox. The fact  
that it serves two purposes is not a  
mere chance—but the result of sci-  
entifically uniting powerful insecticides  
and fungicides—  
thus making the one  
application do the  
work of two.

We shall be  
glad to send you  
the Pyrox book-  
let, and can sup-  
ply any quantity  
you want, in  
small crocks,  
kegs, or barrels.

## "Our Yield Larger than any Other in this Vicinity."

Mr. Thomas Earle, Steelton, Pa., says: "This season  
we used Bowker's Pyrox on about half an acre of potatoes.  
We had an exceedingly dry season, but we had a larger yield  
per acre than any other in the vicinity—due largely, we  
believe, to the use of Pyrox—as the plants kept green and  
healthy longer than those that were not sprayed."

This voices the experience of potato growers everywhere.  
Pyrox kills the bugs; prevents blight and, as it sticks like paint on the  
leaves, one application does the work of several applications of Paris Green.  
Follow the lead of the big potato growers and orchardists—there is no  
sentiment about their enthusiastic use of Pyrox—it gets them the money.  
We sell Pyrox—any quantity you want, in small crocks, kegs or barrels.

## Be Pretty! Turn Gray Hair Dark

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

## NOTICE

## Medical Advertising FRECKLES

Don't Hide Them With a Veil: Remove Them With the Othine Prescription.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by druggists under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

## French Women Say: Sage and Quinine To Darken Hair

If you desire to restore gray hair to its youthful color perfectly and evenly, get a large bottle of LeMay's Cream of Sage and Quinine.

This is a famous French recipe, costs but little, makes you look younger, and, besides being a safe remedy for gray and faded hair, it is one grand hair tonic.

It stops itching scalp almost instantly, prevents the hair from falling out, banishes dandruff, and causes the hair to grow beautiful, lustrous and luxuriant. It is a purely vegetable remedy--not a dye--and druggists everywhere report that customers are delighted with this old French recipe.

## Head Stuffed Up

Hyomie Gives Instant Relief

If suffering from a cold or catarrh causing dull headaches or an itching and burning sensation in the nostrils, surely try Hyomie. It gives quick, effective and permanent relief or money refunded by People's Drug Store. It goes right to the spot--you feel better in five minutes.

No roundabout method of stomach dosing with Hyomie--you breathe it. This health-giving medication goes directly to the inflamed membrane, all irritation and congestion is quickly relieved, the delicate tissues healed and vitalized.

Hyomie should be in every household. Druggists everywhere sell it. Ask for the complete outfit--\$1.00 size.

## Rub Bachache and Lumbago Right Out

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

## Have Pretty Hair

Thick, Soft, Fluffy, and no Dandruff--Use Parisian Sage.

If your hair is losing its natural color, coming out and splitting, or lacks that enviable softness, gloss and beauty, do not despair--pretty hair is largely a matter of care. If it is too thin make it grow. If it is harsh and brittle soften it up--lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp with Parisian Sage--all dandruff disappears, falling hair and itching head cease, your hair is doubly beautiful.

Parisian Sage, sold by People's Drug Store and at all drug counters, is just what you need--a large bottle costs but 50 cents. It surely makes the hair lustrous and seem twice as abundant. You cannot be disappointed in Parisian Sage.

Silver Spangled Hamburgs

The Silver Spangled Hamburgs are one of the most beautiful varieties that can be found on the poultry list. No one can pass a flock of them without a glance of admiration. For beauty they are unsurpassed and too much can not be said of this wonderful and beautiful breed. As egg producers they stand in the front rank, laying the year round. I have bred these Beauties for 10 years. \$1 brings you 25 Eggs. Now is your chance.
